Joe Lutjekarms from the State Commission of Education told the Kindergarten & First Grade a story about having a bad day.

FIRST GRADE

This year the Kindergarteners cooked and did crafts. They made green eggs, Kazoos, designs of quilts, upside-down cookies, gingerbread men (which got away from them), and rubbings of various objects. They did projects such as Astro's Bag. For their field trip the Kindergarteners went to Antelope Park, the Children's Zoo, and Morrill Hall.

The First Graders studied "Ag in the Classroom". They learned about dairy cows, the dairy industry, and sheep. During the corn unit they made corn cob jelly to put on their cornbread. Special guests came to explain the Christmas tree and honey bee industries. The First Graders saw the *Cinderella* play at Doane and took a field trip to Lincoln.

SECOND AND THIRD GRADES

Second graders did units on dairy farms, evergreen trees, Martin Luther King, Jr., Chinese New Year, and corn. Some of their other topics were winter poems and stories about our community.

Third graders spent part of their year studying communities. Jan Stehlik visited to explain the history of Dorchester. The students made booklets about some of Mrs. Stehlik's stories and a tape and books on Dorchester history. They shared this with the American Legion Auxiliary in February. Third graders learned about independence by planning all their parties and made other activities themselves.

The fourth graders visited Mr. and Mrs. Leonard Stehlik's farm to see the pioneer kitchen tools and ate cornbread sandwiches, a typical pioneer school child's lunch.

They observed Pioneer Day with food and dress. The fourth graders also had school in the schoolhouse at the museum.

They observed Nebraska's birthday with a cake baked by their room mother, Nancy Schlamann and decorated by the girls while the boys made home-made ice cream for a science project.

Fifth graders worked with newspapers. They studied newspapers first, then they wrote their own. Some of their other activities were studying the 50 states, as well as Canada and Mexico. As they studied each state or country they did written and oral reports on agriculture, history, games and activities, art projects and foods of the area.

Sixth graders did exciting activities. They did trays, entered a spelling contest, picked up trash after the football games, played basketball during varsity halftime, wrote essays, entertained the American Legion Auxiliary, went on a field trip to Elephant Hall Museum and to the Governor's Mansion. They also studied lots and lots and lots. But best of all, they counted a million kernels of popcorn.

They also showed their enthusiasm by participating in volleyball, basketball, football, wrestling, speech team, band, and, of course, annual staff. For their extracurricular activities they went to Lincoln rollerskating, to Valentino's, and then to a movie. In between they read history, did math, wrote papers, took notes, and studied more than ever before.

They had a lot of fun times together - some that they will never forget.

Our teachers at Dorchester encounter many adventures in every day of teaching. They help those who don't want to be helped and watch people accomplish things they thought couldn't be accomplished. For them every day is very different. Our teachers enjoy teaching because they learn students' ideas. Teachers are around many kinds of people so their efforts contribute to society. But most of all they like kids and the unpredictable challenges faced each day.

THE GIFTED CLASSES

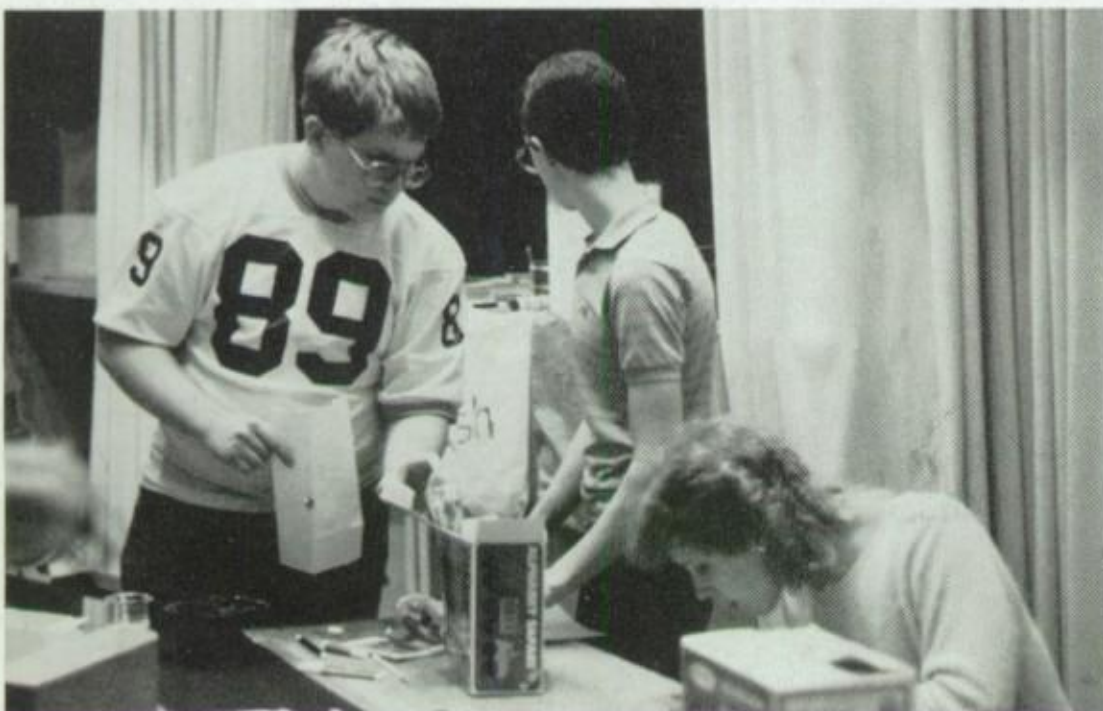

Miss Hogan enjoys speaking to her gifted class.

Janet Uher displays her hat of creative idea.

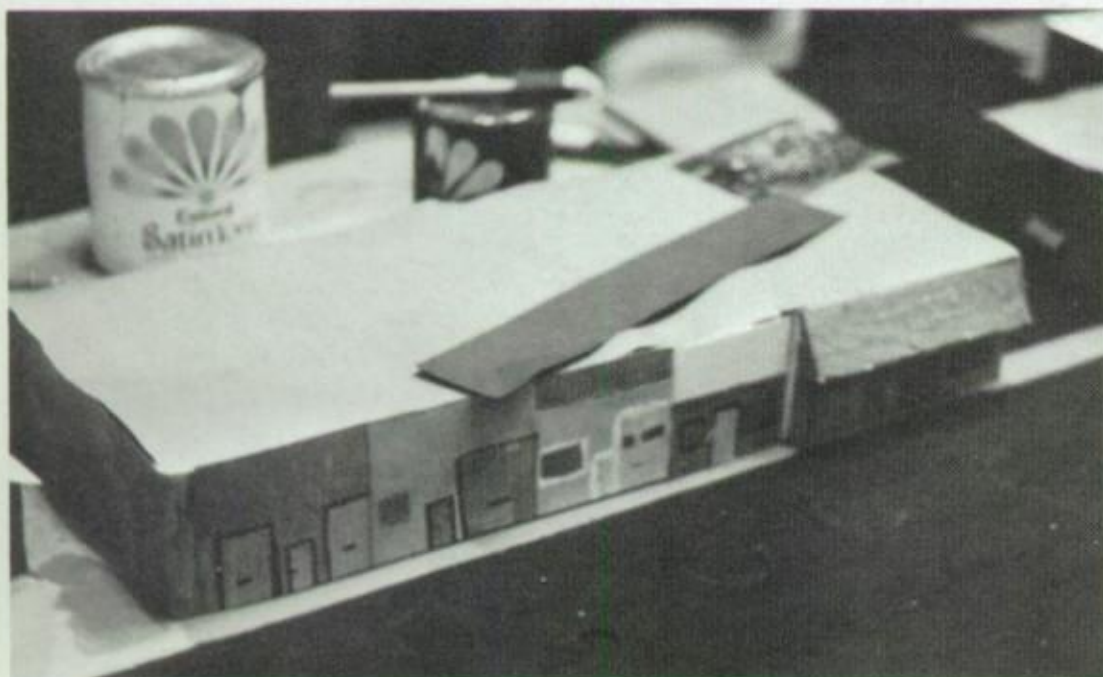

This year the Junior Gifted Class built a model of Halley's Comet. It was shown at the Blue and Gold Banquet along with a small presentation; it was a complete success. The Senior Gifted Class built a model of Dorchester. They also did various worksheets and wrote papers on problems that need to be solved; some of them were starvation and illegal college sports. They also put on 1920's party where everyone had a good time.

Mark Schlamann, Don Sladek, and Lisa Frahm work on the model of Dorchester.

SCIENCE FAIR

This was the first Science Fair held in a long time and it was very successful. Science students from Jr. and Sr. High, under the supervision of Mr. Newman and Mr. Burrows participated. There were two judges from Friend and three from Doane College. Jr. High Physical Science winners: Mitch Knapp & Brant Burkey, 1st; Kelly Stich, Candi Kalkwarf, & Carrie Novak, 2nd; Rachel Rezabek, 3rd. Jr. High Biological Science winners: Sandy Girmus, 1st; Jamie Uhlig & Jessica Schnell, Allison Pribyl & Carmen Novak, 3rd. Sr. High Physical winners: Shane Carr & B. J. → Nicole Kremer smiles at the crowd as she models her Renaissance dress.

This was the second annual Renaissance Fair. The World History Class made a quilt that was raffled. They held a chess tournament, had food samples, and many types of booths were set up. New activities included archery and a fashion show. They also held the fair later in the afternoon and into the evening so more working people could attend and not so much school time was taken away. Also, a group called The Society for Creative Anachronism came. They wore traditional costumes of the Medieval period and presented a dance.

↑ Pat Vyhnalek tries to juggle.

NATIONAL HONOR SOCIETY

Honor Society officers: Jill Drake, Matt Bergmeyer, and Sheldon Bruha.

The National Honor Society had another busy year. They sponsored a pop machine taking turns filling it up and counting the money. They had rolls and juice for the incoming Freshmen from the country school and recruited current Freshmen to show them around. Another interesting thing they did was go to Friend's school for a day and then have Friend's NHS students come here. And as usual they planned Honor's Night, which was very successful, and they sponsored the Honor Roll field trip to Omaha.

PERFORMING IS OUR LIFE!

Self-confidence, commitment, time, and effort are what the Dorchester High School Drama Club is made of. The students proved that on Nov. 1st and 2nd, when they presented their comical production of *The Mouse That Roared*. The Drama Club, Mrs. Ottmann, and her assistant, Donna Havlat had a lot of fun doing the play. The students themselves financed the play by working concessions. Mrs. Ottmann, who says the Drama Club "has a lot of untapped potential" is looking forward to the future productions from the club. The kids definitely thought the hard work, the time, and the effort were worth it, and they all hope to participate in more school productions.

"THE FROG PRINCE"

The "WITCH", Karen Krivohlavek, receives a Superior at the District One-Act Play Contest.

Miss Jezl helps Karen Krivohlavek put on her witch make-up.

Dorchester High School's entry in the District One-Act Play Contest was "The Frog Prince." This story is about a prince who is turned into a frog and is to remain that way until a pure and honest woman kisses him of her own free will. Naturally, this old tale was given a decid-

edly, contemporary, (Dorchester style) which made the play as appealing to Dorchester adults as to the children.

The prince, Allen Andersen, shows his servant, Mark Schlamann, how much he loves flowers.

The frog tells his friend, Jenny Weber, how much he misses his fiance.

University of Nebraska Elementary Art Exhibit winners for 1986 were (l-r) Jessica Hromek, 1st grade; Christina Uhlig, 5th grade; Greg Uher, 2nd grade; Kevin Luzum, 5th grade; and Nikki Eli, 3rd grade. All of the elementary art winners were students of Jan Stehlik.

CHEERLEADING IS FUN!

Girls Sports cheerleaders: Top Nicole Kremer, Anne Kovar, Debbie Luzum and Lisa Vossler

This year there were eight cheerleaders. Four for Boys sports and four for Girls sports. They were involved in "Super Spirit." Crowd involvement was named "Public Enemy #1." The cheerleaders had a rough time getting the crowd on their feet. Between making signs, planning pep rallies, and practicing cheers; the cheerleaders had little time to waste.

↑Sheldon Bruha receives the Jack Cochran Memorial Award from Mr. Chrastil.

Moments that made it all worthwhile was the theme for the 1985-86 Athletic Banquet. This theme was very appropriate because the athletes deserve some recognition for their hard work. The meal and night's festivities were enjoyed not only by the athletes, but by everyone. The members of the D-club worked very hard decorating the gym, and it turned out really nice. The Athletic Banquet has been a tradition in our school and will continue to be for a very long time to come.

VOCAL

There was a very good turnout for Vocal Class this year. Many students chose to participate in singing and learning about many musical topics. The chorus held a Christmas concert, spring concert and went to MUDECAS and District Contests. Many small groups and solos did very well at these contests. The adventure of singing was enjoyed by all.

The 1985-86 Chorus: (from top left) Brian Andelt, Scott Brown, Kevin Veprovsky, Allen Andersen, Roger Barak, Jim Kubes, Bob Kovar, Don Sladek, Pat Harling, Bob Zoubek, Fred Roth, Kerri Weideman, Stefanie Ottmann, Kathleen Parks, Donetta Sand, Barb Sehnert, Debbie Luzum, Betty Dunn, Rhonda Slama, Tami Retherford, Patty Logan, LeAnna Vyhnaek, Scott Girmus, Dan Rezabek, Lisa Bruha, Deanna Sand, Lori Sladek, Anne Kovar, Jared Stauffer, Don Bruha, Director Miss Jezl, Roxanne Schultz, Carrie Burkey, Robin Bors, Angie Moore, and Jac Casteel.

MUSIC IS FUN!

Deanna Sand and Jill Drake, the first chair clarinets, await the concert.

The majorettes, Dawn Stich and Kerri Weideman, direct the band at the State Fair.

The band took a trip this year to Kansas City. It was a long trip, but everyone enjoyed themselves. To make money for the trip, the band sold candy.

The band also played at a lot of functions. They marched at the Saline County Fair and Nebraska State Fair as well as home football games. They performed at two concerts and graduation.

The chorus also contributed to the music in the school. The girls glee received a II at Mudacus and a III at Districts; the mixed chorus received a IV at Districts; the girls trio & girls duet received a II at both Mudacus & Districts; and the girls sextet received a II at both Mudacus & Districts. For the solos, Carrie Burkey received a II at both Mudacus and Districts, Allen Andersen received a II at Mudacus and a I at Districts, Anne Kovar received a II at Districts, Kevin Veprovsky received a II at Districts, and Kathleen Vossler received a II at Districts.

Miss Jezl directs the sing-a-long at the Christmas Concert.

VOLLEYBALL 1986!!

The Lady Longhorns ended their season playing one of their best games this year against Lincoln Christian. Although no new records were set, Seniors Lisa Frahm and Lisa Bruha were named to the C-2 Honorable Mention List. By the end of the season the girls had a 9-9 season record.

This year the Longhorns

used a new double blocking technique, that as Coach Hogan said, "When it was performed correctly, it worked." There will be some changes in the offense, so the fans can look for a 5-1 in the future. Both Coach Hogan and Coach Gautreaux are looking toward the younger players.

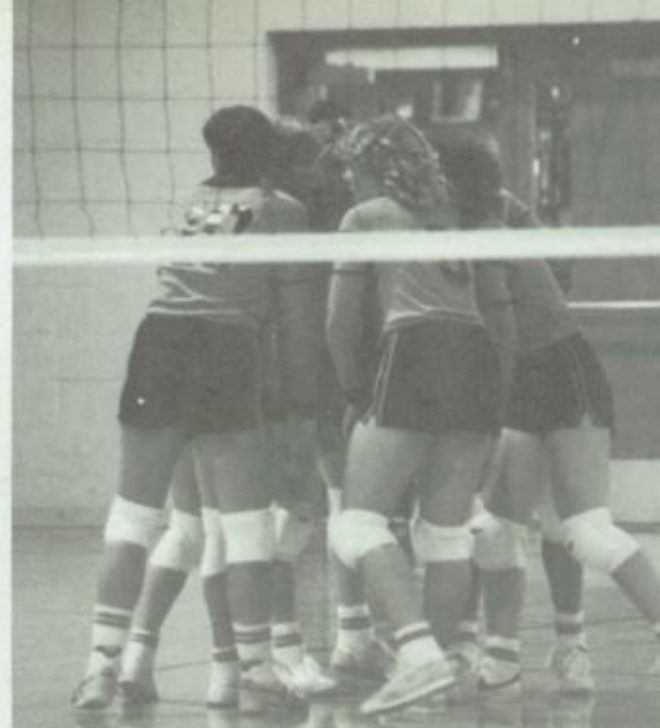

Lisa Frahm received All State Honorable Mention for three years.

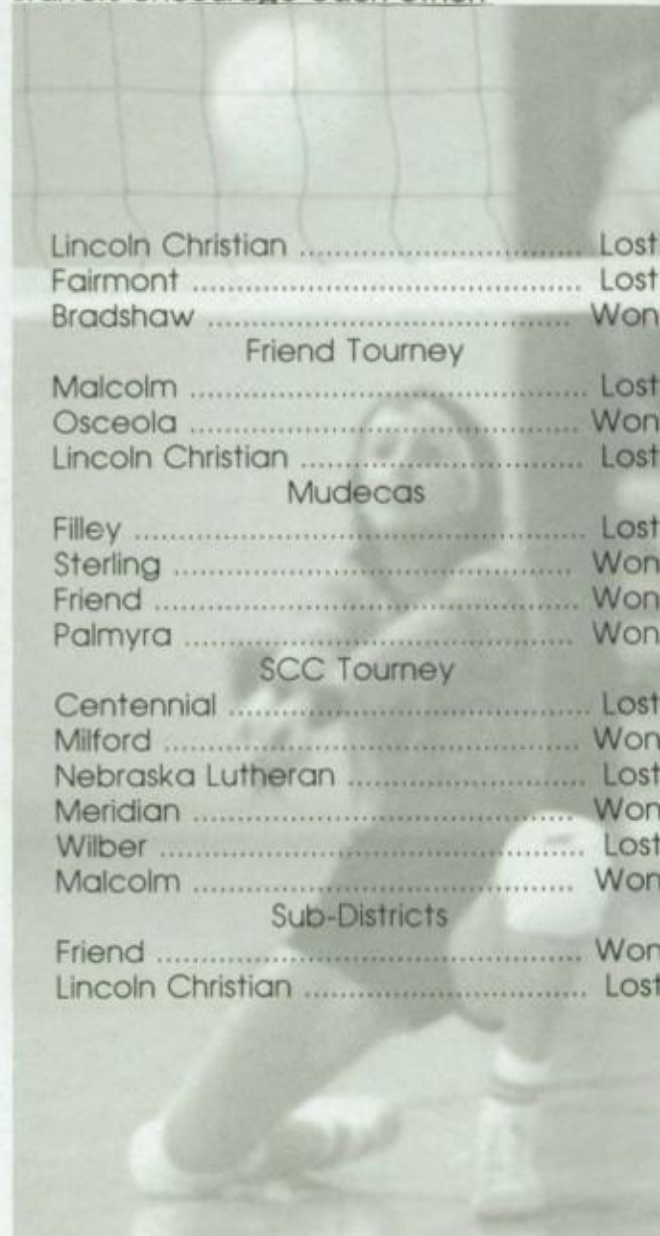

Lisa Bruha received All State Honorable Mention in 1985.

FOOTBALL

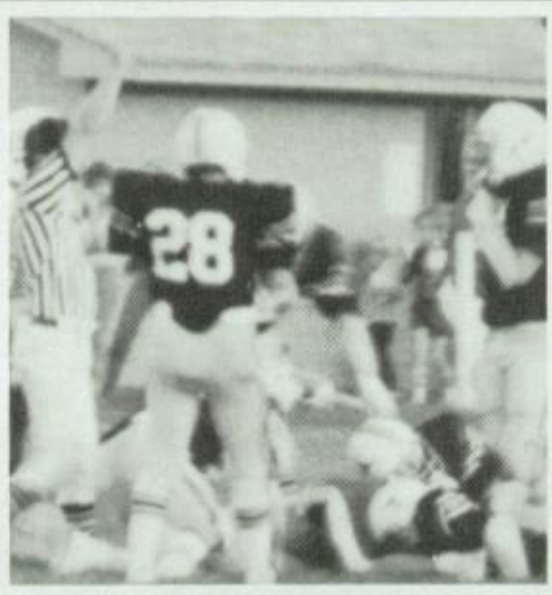

The football season started off on a very promising note with the Longhorns beating Wilber 37-13. This was the first time in 7 years that we beat Wilber. The defense did an exceptional job this season by limiting opposing offenses to an average of 6 points per game.

Even though the team missed the State Playoffs for the second year in a row, they ended the season on a positive note by beating Shelby, a State Playoff team — 21-0.

The team ended the season 10th in the ratings. Throughout the season, the team felt pride in their accomplishments and success.

The girls basketball team did well this year, considering other years. Lisa Bruha tied the record of 28 points in one game. For team record, the team made an average of 53% of their free-throws, and an all time single game record of 75%. The team also had the most free-throws made in a season 160/303. The regular starters were three seniors: Lisa Bruha, Lisa Frahm, and Roxanne Schultz; one junior: Jill Drake; and one sophomore; Kerri Weideman. The team will be at a tremendous loss next year, losing three seniors; but there's a lot of younger talent moving up. The team didn't win a lot of games, but they never gave up. Lisa Bruha was named to the Class C-2 Honorable Mention State Basketball Team.

Roxanne Schultz shows her great shooting form.

Doug Frahm works to make two more points.

Team passing proves to be the winning factor.

The five starters show their spirit before sub-districts.

Seniors: Lance Bobolz and Craig Slepicka

The 1985-86 Boys Basketball team had another good season this year, but unfortunately their dream was shattered when they were beaten by Friend at the buzzer during sub-districts. The team put a lot of effort into the games and earned a lot of respect from everyone. The team worked hard as a team, not just individually. Next year, even with the loss of our two senior starters, Lance Bobolz and Craig Slepicka, the team will still show a lot of experience. Experience indeed is the reason they won first place at the Mudecas Tournament this year at Beatrice. That and teamwork, of course, is all it takes for this team.

WRESTLING

The 1985-86 Longhorn wrestling team pushed themselves to the limit at practice. All this hard work paid off on Saturday. The team placed in four of the tournaments with many individuals receiving medals. Six wrestlers qualified for state. One went on to become Champion. Even with all this hard work the wrestlers still found time to have fun, and so did the coaches and student managers.

BORN TO RUN

The boys track team did extremely well this year. Doug Frahm, Lance Bobolz, and Shane Carr qualified for the State competition, and many new records were set by the tracksters. Their ambition and stamina paid great rewards. Lance Bobolz placed fifth at the State Track Meet in the 200 meter.
